Instructions for Form 4889, 2012 Request for Accelerated Payment for the Brownfield Redevelopment Credit and the Historic Preservation Credit

Purpose

To claim an accelerated payment of a credit, and an accelerated payment of multiyear credit, for a qualified Michigan Business Tax (MBT) Brownfield Redevelopment or MBT Historic Preservation projects that received a certificate for a tax year beginning after December 31, 2011.

Refund Requirements

A taxpayer with a certificated credit under section 435 or 437 of the Michigan Business Tax Act (MBTA) may claim that credit in a tax year ending after December 31, 2011, by electing to pay the tax imposed by the MBTA in the tax year in which that certificated credit may be claimed in lieu of the tax imposed under Part 2 of the income tax act of 1967, the Corporate Income Tax (CIT). If this form is filed, the taxpayer is required to file and pay the tax imposed by the MBTA in the tax year this form is filed and must continue to file under the MBTA until the balance of any certificated credits is exhausted.

If a certificate of completion, assignment certificate, or component completion certificate is issued under section 437 to a taxpayer for a tax year beginning after December 31, 2011, or, if a certificate of completed rehabilitation, assignment certificate, or reassignment certificate is issued under section 435 to a taxpayer for a tax year beginning after December 31, 2011, then beginning after December 31, 2011, that taxpayer may elect to claim a refundable credit for 90 percent of the amount of that certificate.

The claim for an accelerated payment of one of these credits is made on Form 4889. This form may be filed before the end of the tax year, and the department shall pay the refundable credit within 60 days after receiving the claim. A taxpayer claiming a credit under this reduced refundable payout option shall forgo the remaining 10 percent of the credit. If a taxpayer is claiming more than one credit, a separate form must be completed for each credit.

If section 437 or 435 provides that payment of a credit will be made over a period of years or limits the annual amount of a payment, an accelerated payment of this refundable credit may only be claimed for the amount payable in the year claimed. A taxpayer may elect for an accelerated payment of this refundable credit for the amount payable in that tax year. This election may be made in each year that a credit is payable under section 437 or 435.

However, a taxpayer claiming the Special Consideration Historic Preservation Credit under section 435(20) may elect to claim an accelerated payment of the total balance of unused credit issued for a tax year(s) beginning after December 31, 2011, notwithstanding the 3 million dollar annual cap provided for in section 435(20). The amount of that refund will be equal to 86 percent of the total amount of the credit and the taxpayer shall forgo the remaining 14 percent of the credit. As with the other credits eligible for an accelerated payment, to be eligible the taxpayer must receive a certificate of completed

rehabilitation, assignment certificate, or reassignment certificate issued under section 435 for a tax year(s) beginning after December 31, 2011.

NOTE: A taxpayer is still entitled to claim 90% of the Special Consideration Credit allowed. However, this claim would be limited to the amount payable in the tax year claimed as described above.

For tax years ending after December 31, 2011, a taxpayer may not claim a refundable credit under section 437(18) or section 435(9) of the MBTA and may only claim a refundable credit issued under sections 437 or 435 of the MBTA under section 510 of the MBTA and this form.

A credit issued under section 437(10) is not eligible for an accelerated payment.

Special Instructions for Unitary Business Groups

If the person with the certificated credit under section 435 or 437 of the MBTA is part of a Unitary Business Group (UBG) as defined under the MBTA, the UBG is required to make the election for the group claiming the credit. To do this, the Designated Member will file this form on behalf of the submember of the UBG that is entitled to claim the credit at issue. If the UBG makes this election, then the entire UBG — which would include all members that satisfy the definition of UBG under the MBTA — will be taxed under the MBTA. Because of this, in the year this form is filed the UBG must file under the MBTA and pay the tax due under the MBTA, and must continue to file under the MBTA until the balance of any certificated credits is exhausted.

However, if a member of a UBG other than the Designated Member files this form then the UBG will be treated as having elected to be taxed under the MBTA. If this is the case, the entire UBG — which would include all members that satisfy the definition of UBG under the MBTA — will be taxed under the MBTA.

General Instructions

Only one credit may be claimed on each Form 4889. If the taxpayer has received more than one certificate entitling it to an accelerated payment of a refund in the tax year included on this form it must file a separate Form 4889 for each eligible credit.

Amount eligible for an accelerated payment. If section 437 or 435 provides that payment of the credit at issue will be made over a period of years or limits the annual amount of a payment, the taxpayer is only entitled to an accelerated payment of the amount payable in the tax year included on this form. This taxpayer is entitled to make a separate claim for an accelerated payment in each subsequent tax year it is entitled to a payment under section 437 or 435.

However, if the taxpayer is claiming an accelerated payment of a Special Consideration Historical Preservation Credit it may

claim an accelerated payment of the total balance of unused credit issued for a tax year(s) beginning after December 31, 2011.

Business Losses: A taxpayer may only claim a MBT business loss carryforward to offset a MBT liability and may only use a CIT business loss carryforward to offset a CIT liability. The only way to create or carryforward a business loss is to file the appropriate return in the prior year. By filing this form, the taxpayer is required to file and pay the tax under the MBTA. This means that if the taxpayer had a CIT business loss carryforward in the prior year, it would not be able to claim that business loss on this year's MBT return and would not be able to claim it on any subsequent tax return — including any CIT return — because the taxpayer did not file a CIT return to carryforward that business loss. Also, any business loss created on this year's MBT return can only be claimed on the immediately subsequent year's return if that return is an MBT return. If the taxpayer does not file a MBT return in the immediately subsequent year, any business loss created on this return will be lost.
